

BRADFORD TOWER (ONLY) STATION

SKU:910-20

With the Bradford Styling Tower Station you can design the perfect space. Create a classic and stylish accent in your salon with crown molding details that enrich the space by forming an eye-catching transition between the walls and ceiling. This traditional style can fit into any decor with just the change of the laminate color.

The Bradford Tower Station ONLY features an upper-half that can be open retail w/ glass shelves or closed cabinet w/ doors & shelves; specify at time of order.

SHIPPING INFORMATION

Item generally ships via Freight(Truck) service

- Weight: 288 lbs
- Dimensions: 54"L x 32"W x 57"H

WARRANTY

3 Years:

- Ball-Bearing Drawer Slides
- Cabinet hinges

1 Year:

- All remaining components, unless noted otherwise, are guaranteed for a period of one year from the date of purchase.

Use the following procedure to assemble your Bradford Tower.

- 1) Unpack all components, you should receive 4 pieces.
- 2) Remove the clipper drawer by following the instructions in the illustration. Also extend the breadboard as far as possible. Lower the upper cabinet onto the lower assembly. There are 4 supplied decorative bolts that pass through pre-drilled holes in the top of the base and into the factory installed threaded inserts in the bottom of the upper cabinet. Use the supplied allen wrench to tighten these bolts securing both sub assemblies.
- 3) Use the supplied 3" wood screws to attach the tower to a framed wall.
- 4) Lower the crown molding cap onto the upper cabinet assembly. Use the provided wood screws to attach the two, there are 4 predrilled holes in the top of the crown assembly for ease of attachment.
- 5) To install appliance center, lower onto french cleat half already screwed to the tilt out door. Use the supplied screws to screw through the side of the appliance center into the door half of the french cleat.

To Remove Drawer

Pull the drawer fully open so levers are visible.
 Push "down" on the right lever (shown), and "up" on the left lever.
 Holding levers in place, pull drawer toward you.

To Reinsert Drawer

Bring ball retainer fully forward and carefully reinsert drawer member slide into the cabinet member slide, guiding the drawer member raceway between the ball bearings.
 Completely close drawer.
 Open and close drawer to ensure the slide is fully engaged into the ball bearing track.
