

VEECO TRIBUTE BARBER CHAIR

SKU:8013.B

The Veeeco Tribute barber chair is built like a tank with a reminiscence of old school barber chairs. The footrest moves in synchrony with the reclining back. Arriving at your shop ready for work (no assembly required) and weighing in at 200 lbs right off of the truck, this barber chair exudes quality. The spring framed foam seat provides the ultimate experience for client comfort especially when paired with the synchronized back recline and leg rest. The turn-over footrest/calf pad provides ultimate comfort for the client when performing a shave or face service.

With upholstery and complete assembly happening at our factory in Tennessee, this barber chair is available in dozens of upholstery color choices and either a black or white porcelain enamel coated steel frame.
