

PEDICURE BOWL W/ ROLL UP-COPPER

SKU:1958-103C

This 100% hand made Copper pedicure bowl is portable and can be used with many chairs and benches, both indoors and out. Perfect for pedicures, and naturally anti-bacterial with a beautiful bris finish.

This set includes a pedicure bowl, crescent shaped upholstered footrest and lid that attaches snugly to the rim of your bowl and the ergonomic rolling pedestal, rolling/locking pedestal and pulling leash for easy movement. The pedestal raises the height of the bowl by 9". The pedicure bowl fits snugly into the pedestal while using the leash to pull the pedestal into position easily after filling.

Easy to Clean: Disinfect with mild (5%) bleach solution, rinse and dry.

Note: Copper reacts with oxygen, moisture and other natural elements which causes a natural chemical reaction called oxidation. This reaction forms a thin layer of tarnish on the surface called a patina. Use a Copper cleaner to return Copper finish to original luster.
