

PEDICURE BOWL-COPPER

SKU:1958-104C

This 100% hand made Copper pedicure bowl is portable and can be used with many chairs and benches, both indoors and out. Perfect for pedicures, and naturally anti-bacterial with a beautiful brus finish.

Easy to Clean: Disinfect with mild (5%) bleach solution, rinse and dry.

Note: Copper reacts with oxygen, moisture and other natural elements which causes a natural chemical reaction called oxidation. This reaction forms a thin layer of tarnish on the surface called a patina. Use a Copper cleaner to return Copper finish to original luster.
