

DYERECTOR MODCAB+ MODULAR COLOR STORAGE CABINET - LARGE

SKU:E1123

ModCab+ hair color cabinet is not just hair color storage shelving ... It is a customizable off-the-shelf color management system, organizing bottles, boxes and canisters!

There are over 200 different configurations with our patented Quickpost™ design. Our dividers move left & right, while our shelves move up & down – so that you can manage any brand of color, as well as, dictating more of your favorite shades per subsection. With our ModCab+ system, your used tube always goes on top of the unopened box so that the current color will be used up before opening a new one. For bottles, simply rotate and pitch your shelf so all your colors are constantly at your fingertips. And, for your canisters, you can now divide for each one; perfectly.*

ModCab+ comes completely assembled with our french-cleat system and pre-drilled holes for our Developer Rack+^*. All you have to do is configure it to your color product needs; place it on your counter or mount it to your wall.

*Developer Rack+ is an optional accessory; sold separately.

**Must purchase Dyerector Shelves (3 pack) for Canister configuration.
