

MODCAB+ MODULAR COLOR CABINET - MEDIUM

SKU:E1124

ModCab+ hair color cabinet is not just hair color storage... It is a customizable off-the-shelf color management system, organizing bottles, boxes and canisters alike; for every salon's unique needs! There are over 200 different configurations with our patented Quickpost™ design.

The dividers move left & right, while our shelves move up & down so that you can manage any brand of color, as well as dictating more of your favorite shades per subsection. With our ModCab+ system, your used tube always goes on top of the unopened box so that the current color will be used up before opening a new one. For your bottles, simply rotate and pitch your shelf so all your colors are constantly at your fingertips. And for your canisters, you can now divide for each one; perfectly.*

ModCab+ comes completely assembled with our french-cleat system and pre-drilled holes for our Developer Rack+*. All you have to do is configure it to your liking; place it on your counter or mount it to your wall.

*Developer Rack+ is an optional accessory. Sold separately.
