

COLLINS BASIC PARTITION PANELS

SKU:CPP.W

Designed to help our customers provide a safer environment during the Covid-19 crisis, our partition panels are a simple way to lessen the chance of viral spread in your salon.

Available in simple all white or all black (or can customize these to match your current color scheme, provide an accent to your salon, see part number CPP.C)

All panels come with both adjustable feet AND casters to provide you with a moveable or fixed option all in one.

*** Please note:** Due to the size of these partitions, they can not ship regular parcel (fedex/ups) service. Because of this, they will ship via freight truck and fall under a minimum freight charge that unfortunately is higher than most products. So, one unit will cost almost the same as multiple units. If you need more than one unit, please add all of them to cart to get an accurate freight quote. Checking one unit's freight cost and multiplying by the number you need will give you an inflated freight cost.
